

SINGLE USE

DENTAL INSTRUMENTS

SINGLE USE DENTAL INSTRUMENTS

By listening to customers and continuously working to improve our offering, our range has evolved to feature a wide variety of instruments and kits ideal for every procedure.

Individual Instruments

Using individually wrapped instruments is a great way to transition your clinic towards implementing single-use solutions. Only open those you need for procedures and take minimising waste to a whole new level.

Restorative Kits

Our restorative instrument kits will leave you staring at the autoclave wondering why you spend so much money maintaining it every year. Using our thoughtfully designed combinations alleviates the pressure and expense of reprocessing. Remember if you can't find a restorative combination that works for you, we'll make you one. That simple!

Diagnostic Kits

Have you been entertaining the idea of single-use instruments? Equipping your clinic with our readily available diagnostic kits allows your nurse to spend less time setting up and more time chair side, focusing on the patient. Who would complain about that?

**BB49*****BEST SELLER****PFI49 Burnisher**

The PFI49 burnisher is ideal for placing and contouring restorations. Having both a rounded and pointed tip makes this instrument useful for placing composite in small increments prior to curing.

BB49 | 20 Per Box

**BB56*****BEST SELLER****Ball Burnisher**

The perfect blending tool. Our ball burnisher has both small and large tip ends to effectively condense and shape the composite against the cavity wall surfaces.

BB56 | 20 Per Box

**CB59****Flat Plastic & Ball Burnisher**

The combined flat plastic and ball burnisher is brilliant for placing and blending composite material.

CB59 | 20 Per Box

**CV55****Carver**

Being single-use, our carver tips are always sharp and perfectly pointed.

CV55 | 20 Per Box

**CV62****Wards Carver No.2**

Sterile, sharp and ready for use, our CV62 is about to carve convenience into your restorations.

CV62 | 20 Per Box

**CV66****Half Hollenback**

The CV66 is a versatile instrument which is very useful for placing, carving and contouring amalgam.

CV66 | 20 Per Box

**CB60****Flat Plastic & Carver**

Our CB60 combines a flat plastic and carver into one instrument allowing you to conveniently prep, shape and contour filling material.

CB60 | 20 Per Box

**CX66*****BEST SELLER****Extra Small Spoon Excavator
•0.8mm**

The go-to instrument for clearing out the smallest micro-dental reparations.

CX66 | 20 Per Box

**XC67*****BEST SELLER****Small Spoon
Excavator •1.2mm**

One of our best sellers, our small spoon excavator is the top choice when you want to have extra control over caries removal in deep cavities.

XC67 | 20 Per Box

**XC58*****BEST SELLER****Medium Spoon Excavator
•1.8mm**

Gone are the days of dull and blunt instruments. Precision made, our single-use XC58 will have sharp edges each and every time.

XC58 | 20 Per Box

**XC68****Large Spoon Excavator
•2.3mm**

The large curved surface on our XC68 excavator is ideal for removing broad-scale decay.

XC68 | 20 Per Box

**GC11****Gracey Curette 11&12**

Using disposable curettes gives you the optimum working end in each appointment. Our GC11 is a great choice for finishing subgingival calculus removal.

GC11 | 20 Per Box

**GC13****Gracey Curette 13&14**

Adopting the use of our single-use GC13 means the lower cutting edge will be prime for scaling, every time. The smooth edges on our curettes are perfect for removing subgingival calculus and getting into pockets without harming the patient.

GC13 | 20 Per Box

**GC17****Gracey Curette 17&18**

Our disposable GC17 will always have the perfect angle for reaching distal surfaces of posterior teeth. The thick handle design provides you with comfort and accentuated grip throughout procedures.

GC17 | 20 Per Box

UC02

*BEST SELLER

Universal Curette 2R&2L

Never have a dull cutting edge again when you make the switch to our single-use UC02. Fresh out the pack, they provide you with reliable quality in your scaling procedures.

UC02 | 20 Per Box

UC04

Universal Curette 4R&4L

Sterile and ready for use, our UC04 is the convenient choice for incisors, canines and premolars.

UC04 | 20 Per Box

**FP48****Small Flat Plastic**

About half the size of our original flat plastic, the tips on our FP48 are ideal for small and narrow cavities.

FP48 | 20 Per Box

**FP54**

***BEST SELLER**

Flat Plastic

Our double-ended flat plastic features long, flat tips that are helpful for carrying and shaping composite materials.

FP54 | 20 Per Box

**CB59****Flat Plastic & Ball Burnisher**

The combined flat plastic and ball burnisher is brilliant for placing and blending composite material.

CB59 | 20 Per Box

**CB60****Flat Plastic & Carver**

Our CB60 combines a flat plastic and carver into one instrument allowing you to conveniently prep, shape and contour filling material.

CB60 | 20 Per Box

FF53

***BEST SELLER**

Front Face Mirror

An essential item in any dental practice, our front face mirror is new and improved. With a focus on comfort, our ergonomic handle features additional ridges and grooves to improve grip stability. With the addition of a zinc alloy tip for percussion testing and an anti-fog mirror surface... What more could you ask for?

FF53 | 20 Instruments Per Box

PL57

Ladmore Plugger Medium & Large

Our ladmore plugger features both medium and large tips which are ideal for placing and adapting composite.

PL57 | 20 Per Box

PL61

Amalgam Plugger Small & Large

The single-use amalgam plugger has a large and a small plugging surface. The combination is useful for both broad and deep amalgam condensing to ensure a strong filling.

PL61 | 20 Per Box

PL62

Round Plugger 0.8mm&1.0mm

The round plugger has two different sized ends for compaction from the base to the surface of the tooth. Perfectly smooth tips for every use allowing for a flawless finish.

PL62 | 20 Per Box

PL63

Machtou Plugger 0.5mm&0.6mm

An endodontic plugger with varied tip sizes for condensing material into different sized root canals.

PL63 | 20 Per Box

PL64

Machtou Plugger 0.8mm&1.0mm

Our manual endodontic pluggers are long and flexible for manoeuvrability within narrow and curved canals. The tips on our PL64 cater for larger canals.

PL64 | 20 Per Box

PB84

No. 8 Standard & CPITN-C Probe

Ensuring that our product range caters for everyone our PB84 is popular amongst dentists trained within the UK.

CPITN-C: 3.5/5.5/8.5/11.5mm plus 0.5mm wide ball tip.

PB84 | 20 Per Box

PB85

Sickle & CPITN-C Probe

Our PB85 combines an explorer and CPITN-C probe into one instrument. Featuring precision edges and easily identifiable measurements, this probe is a convenient addition to diagnostic assessments.

CPITN-C: 3.5/5.5/8.5/11.5mm plus 0.5mm wide ball tip.

PB85 | 20 Per Box

PB89

***BEST SELLER**

Perio Probe & Sickie

A customer favourite, our perio probe & sickie has easily identifiable markings to assist in delivering accurate assessments. This combination instrument can be purchased individually or within our top selling three-piece diagnostic kits: D3001 and D3006.

Perio Probe: 3/5/7/9/11/13mm.

PB89 | 20 Per Box

**PB90****Williams • 10mm & CPITN-C Probe**

The PB90 features a Williams tip with the 4mm and 6mm markings omitted for easy identification and a CPITN-C probe with additional 8.5–11.5mm markings.

Williams: 1/2/3/5/7/8/9/10mm.

CPITN-C: 3.5/5.5/8.5/11.5mm plus 0.5mm wide ball tip.

PB90 | 20 Per Box

**PB91****UNC-15 & CPITN-C Probe**

Combining the popular ball tip/WHO probe with our UNC-15, this probe is an excellent choice when measuring pocket depth.

UNC-15: 1/2/3/4/5/6/7/8/9/10/11/12/13/14/15.

CPITN-C: 3.5/5.5/8.5/11.5mm plus 0.5mm wide ball tip.

PB91 | 20 Per Box

**PB92****No.12 & CPITN-C Probe**

Our sterile combination probes make patient examinations quick and convenient. The ball tip maximises patient safety when measuring pockets.

No.12: 3/6/9/12mm.

CPITN-C: 3.5/5.5/8.5/11.5mm plus 0.5mm wide ball tip.

PB92 | 20 Per Box

PB93

No.6 Probe

Our single-ended No. 6 Probe is useful for many purposes. Whether you're inspecting filling margins or checking cavities prior to filling, this probe is in prime condition and ready to go.

PB93 | 20 Per Box

PB94

No.6 & CPITN-C Probe

Our No. 6 and ball tip combination instrument allows you to probe the entire mouth without causing patient discomfort. CPITN-C: 3.5/5.5/8.5/11.5mm plus 0.5mm wide ball tip.

PB94 | 20 Per Box

PB95

No.6 & Williams Probe • 10mm

Probe, explore and measure with one instrument when using our combination No. 6 & Williams Probe. Williams: 1/2/3/5/7/8/9/10mm.

PB95 | 20 Per Box

SC02

Sickle Scaler 204S

A posterior sickle scaler designed to remove supragingival interproximal calculus. Newly improved, our SC02 features a thick handle with ridges and grooves for improved comfort and grip.

SC02 | 20 Per Box

SC03

*BEST SELLER

Hygienist Scaler H6&H7

A favourite amongst hygienists this scaler is designed for interproximal cleaning between anterior teeth and premolars. Featuring a stainless-steel stem and ergonomic handle to ensure stability and control during procedures.

SC03 | 20 Per Box

**TW81****Examination Tweezers**

Our economy tweezer is a popular choice for both diagnostic and restorative consultations. Featuring serrated, non-slip tips to ensure you have complete control during procedures.

TW81 | 20 Per Box

**TW82*****BEST SELLER****London College Tweezers**

Strong and sturdy with enhanced grip features on the handle and tips. Our premium London College Tweezers are an essential tool in most procedures.

TW82 | 20 Per Box

DA69

*BEST SELLER

Dycal Applicator

Our single-ended dycal applicator is strong and slender to ensure accurate placement of lining materials.

DA69 | 20 Instruments Per Box

SP65

*BEST SELLER

Spatula

The single-use spatula is slim, sleek and refined. Perfectly clean every time, these spatulas remove the reprocessing hassle after mixing and spreading sticky dental materials.

SP65 | 20 Instruments Per Box
